

GGB PGH X-FILES 101

Welcome, Brunchettes of GGB PGH, to our X-Files 101 screening class. Here's how it works: pick a color or colors that best help you accomplish your X-Files goals and binge away on Netflix! Fair warning, we tried our best with the mythology, but it's so scattered to begin with that they present a unique challenge for this kind of thing. If you like the mythology you see here, feel free to do dive deeper!

Green = Required monster-of-the-week (not scary).

Red = Creepy but incredibly good monster-of-the-week.

Orange = Bonus round, these are fun monster-of-the-week episodes but not critical watching.

Black = Mythology crash course
